Convert existing urinals into hygienic  
waterless urinals and **SAVE MONEY**

**No need to change urinal bowl**

Simply use the VERTECO cartridge and hygiene  
value to convert your existing system

# VERTECO

Saving money, being more productive and yet being sustainable presents challenges to most organisations today. More and more are looking at how to reduce waste and energy whilst enhancing their profitability.

The VERTECO Waterless Urinal solution is essential for your business. It can help protect the environment by eliminating urinal water usage, eradicating urinal energy usage from flush controls or constant flushing and removing the need for harmful and hazardous chemicals.

In our evolving environment where customer perception is integral to success, providing staff and visitors with a pleasant washroom experience is vital. The VERTECO system combines market leading products to free your urinals from odours and flooding.

VERTECO's Water Warrior Waterless Urinal system is a patented eco-friendly solution that reduces water consumption to zero, eliminates urinal odours, reduces the amount of urinal blockages, and dramatically reduces costs.

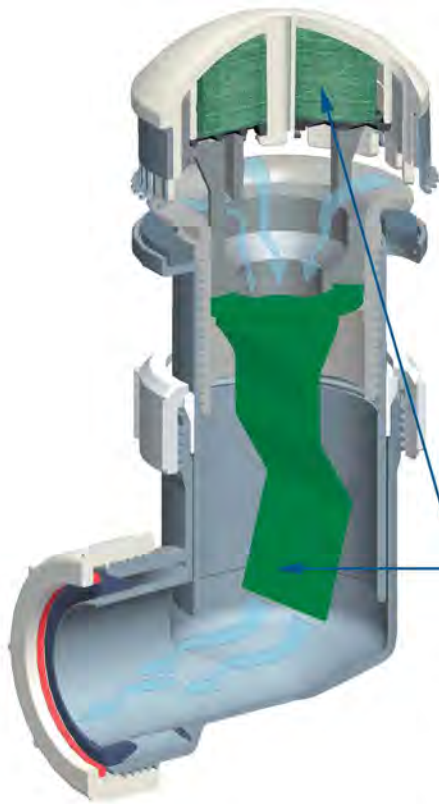

## Benefits

- Eliminates urinal odours
- Saves water
- Saves money
- Reduces blockages
- Improves hygiene
- Eradicates the need for harmful chemicals

- Stops urinal flooding

## Environmental initiatives

Speak with VERTECO to find out how the waterless urinal system can be applied to the LEED, BREEM and ESTIDAMA accreditation process.

# A complete, environmentally friendly, hygienic urinal system

The VERTECO Waterless Urinal System provides a more hygienic solution than traditional urinals due to the patented seal and cartridge.

The VERTECO system does not use messy gels or oil seals like other systems.

The VERTECO system is proven to eliminate urinal flooding and provides an odour free solution, giving the user a more pleasant experience.

VERTECO Cartridge

Patented Hygiene Seal
